WATER CONSERVATION CONCEPT STATEMENT

This form, or a similar document, is required as part of the Landscape Documentation Package submitted to the District for plan check procedures. These estimated water consumption calculations are defined in our District document A Summary of State Assembly Bill 325.

Project Name/Identification # _____

Project Location: _____

Landscape Architect/Representative: _____

Please check the box on the left to indicate the completion and inclusion of the requested estimated water consumption data into this form.

1. **Maximum Applied Water Allowance (MAWA):**
_____ Cubic feet/year
2. **Estimated Applied Water Use (EWU):**
_____ Cubic feet/year
- * 2. (a). **Estimated Amount of Water Expected from Effective Precipitation:**
_____ Cubic feet/year
3. **Estimated Total Water Use:**
_____ Cubic feet/year

Note: * If the design assumes that a part of the Estimated Total Water Use will be provided by precipitation, an Effective Precipitation Disclosure Statement shall be completed and submitted.

- 4. Landscape Design Plan
- 5. Irrigation Design Plan
- 6. Irrigation Schedules with Monthly and Yearly Water Consumption Data (
(One typical schedule accepted for each style of model housing unit)
- 7. Maintenance Schedules
- 8. Landscape Irrigation Audit Schedule
- 9. Grading Design Plan
- 10. Soil Analysis
- 11. Certificate of Substantial Completion
- 12. Water Conservation Education Plan

Description of Project

(Please describe below the planning and design actions that are intended to achieve conservation and efficiency in water use.)
