6. Strategic Planning with Regards to “Excess Property”:

Mr. Cray said he had been informed by Vice President Moore of several properties that he didn't know the District owned and that a list of all District properties needed to be developed. Vice President Moore commented that he would like to see a list of property and easements the District has and perhaps the County can provide the assessor parcel numbers so that they can all be put on a map. Once the list and map are created, he would like to discuss options the District has.

7. Discuss Holding Forums for Developments within the Ord Community:

Mr. Cray introduced this item explaining that there has been a lot of discussion in the Ord Community regarding rates and election to the Board. He noted that Preston Park already organized a forum for April 14th regarding Ord rates. Mr. Cray added that East Garrison also wants to hold a forum in May to discuss rates as well as District services.

Mr. Cray stated that an option was to create a flyer with information on what goes into the Ord Community rates and sending that out before the forum. Vice President Moore suggested putting together a fact sheet to hand out to new buyers of property in the Ord Community. Mr. Cray agreed that a fact sheet would help and proposed to also hand them out with the other District information customers receive when they sign up for service. Mr. Cray stated that Director Cortez would attend the April 14th meeting as a member of the public and suggested that Vice President Moore might attend as a member of the public as well. Vice President Moore said he would attend and asked for a list of facts e.g., lift stations, tanks, wells, customers, etc. to share with everyone.
