Marina Coast Water District
Staff Report

Agenda Item: 4-D

Meeting Date: May 22, 2013

Prepared By: Jim Heitzman

Subject: Update on District Rate Study

Summary: On September 11, 2012, the Marina Coast Water District Board of Directors approved the retention of Carollo Engineers to provide a Five-Year Financial Plan and Rate Study. Carollo Engineers could not begin work on the Financial Plan and Rate Study until the FY 2012-2013 Ord Community Budget was approved in February 2013. Carollo Engineers has been working with staff in collecting data and information to begin the study. A schedule of deliverables is attached.

Staff Report

Agenda Item: 4-F

Meeting Date: May 22, 2013

Prepared By: Jim Heitzman

Subject: Cost and Availability of Meeting Location for State of Water Presentation

Summary: The Joint City District members agreed on holding a State of Water Presentation on July 24, 2013 and suggested meeting at the Carpenters Hall meeting room and having it televised. Staff was asked to inquire on the availability of the Carpenters Hall meeting room and if there was a cost involved, as well as checking on the ability to televise the meeting and the costs involved.

The Carpenters Hall meeting room is available and the cost is \$300.

Access Monterey Peninsula has provided the following regarding the ability and cost involved with filming the meeting.

Paul Congo -

To do a credible job, I recommend we provide 2 persons with our multi-cam set-up, which will cost \$160/hour: hours = meeting time from gavel-to-gavel plus 1½ hours set-up and take down.

If single camera is used, the cost is \$60/hour.

We also need to know if the sound system there will be used (like FORA), or if we need to provide audio for recording. If so, we will need to add some time for that set-up.

If live broadcast is essential, we will attempt to stream over the Internet from there to our office and I can estimate if there are any additional costs to do that.
