

We're offering new, higher incentives to help kick start your summer landscape renovations!

Collect incentives when you:

- Replace your old water-thirsty lawn with low water use plants
- Convert your inefficient sprinklers to drip irrigation
- Add leak prevention, detection, and flow control

[Visit our website for more information](#)

Higher incentives are available for all eligible Customers!

The Combined maximum payments available to Dedicated Landscape, Multi-family, Commercial, Industrial, and Institutional accounts for lawn replacement and sprinkler conversions to drip irrigation have increased from \$2,000 to \$5,000!

Lawn Replacement

We've increased this incentive from \$0.25 to \$1 per square foot!

Sprinkler Conversion to Drip Irrigation

This incentive has been increased from \$0.25 to \$0.50 per square foot!

Upgrades to "Smart" Irrigation Controllers

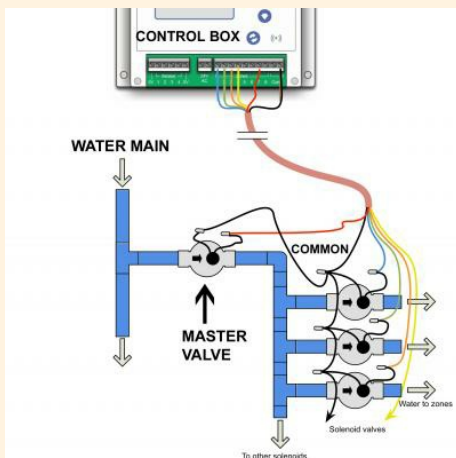

Incentive payments start at \$150 for all customers! The additional incentive, per station beyond the first six stations, has doubled to \$40 for Dedicated Landscape, Multi-family, Commercial, Industrial, and Institutional customers.

Addition of a Rain or Soil Moisture Shut-Off Switch

The maximum incentive has been increased from \$50 to \$100!

New incentives to upgrade your irrigation system!

Master Valves

Stop unauthorized water use or limit leaks. Receive a reimbursement for the purchase of your device, up to \$100!

Flow Sensors

Measure water flow and detect leaks by adding a flow sensor to your system. Receive a reimbursement up to \$100!
