

## Irrigation Basics & Water Use Efficiency Webinar

In the Irrigation Basics & Water Use Efficiency workshop, you will learn how to properly manage and adjust your irrigation system. Topics include:

- Overview of an Irrigation System
- Programming a Controller
- Why Drip Irrigation is Preferred Over Spray Irrigation
- Easy Ways to Conserve Water

**Tuesday, April 19, 2022 at 6pm via ZOOM**

The class is free, but **registration is required**. Click the button below to register.
