

Vegetable Gardening Webinar This Tuesday!

The Vegetable Gardening All Year Round workshop will teach you how to plant and manage a successful vegetable garden. Reserve your spot now - space is limited!

You will learn how to:

- Integrate edibles in the landscape
- Grow vegetables in planters
- Successfully irrigate vegetables
- Plan for edibles all year round

Tuesday, June 7, 2022 at 6 pm via ZOOM

The class is free, but **registration is required**. Click the button below to register.
